## Looking to recruit international talent?

### We can help!

# 1 Recruit international skilled workers

With our partners, **we organize recruiting missions in Europe, the United States, Latin America and the Maghreb to promote Greater Montréal** as a great place to live and work for skilled, experienced workers. Join one of our missions and take advantage of our affordable turnkey services:

- **Post and promote** job offers
- **Handle logistics** throughout the mission
- **Promote Greater Montréal's assets** to candidates
- **Offer information sessions** regarding the immigration process:
  - Give employers an insight into the temporary residency
  - Give information to recruited candidates about permanent residency
- **Assist the spouses** of foreign workers in making a smooth transition into the workforce

## 2 Hire international students enrolled in Montréal schools

*I choose Montréal*, developed in partnership with the *Ministère de l'Immigration, de la Francisation et de l'Intégration*, **is geared toward international students planning to settle in Greater Montréal after graduation.** The program aims to better equip students, in part by facilitating their access to the job market. Take advantage of our tailor-made services to make the most of an untapped pool of over 35,000 highly educated, multilingual Québec graduates:

- **Organize recruiting, networking and information events**
- **Advertise job offers** on digital platforms on an ongoing basis
- **Network with educational institutions** and their departments (e.g., international student office, career services, faculties)

## 3 Make the immigration process easier to navigate for your workers

We also provide strategic support to businesses and our partners to **make the immigration process easier to understand:**

- **Provide advice from immigration experts** on how to obtain official temporary stay documents for foreign workers and their families
- **Organize information sessions on temporary immigration** procedures and compliance requirements for employers
- **Organize information sessions on permanent residency** process for employees
- **Advocate for improved immigration programs** with the federal and provincial governments
