

### Greater Montréal, Home to a Booming **Cleantech Industry**

2025 Edition

#### Top reasons to invest in cleantech in Montréal

- A booming cleantech ecosystem with 400 innovative companies
- A key player in the fight against climate change:
  Québec aims to be carbon neutral by 2050 and was one of the first governments to introduce carbon pricing
- A collaborative research ecosystem with 120+ public research groups that drives the industry's development

- 99%+ of the electricity is produced from clean and renewable sources
- Cutting-edge expertise: green chemistry, green transportation, agtech, renewable energy, and many more!
- Many potential clients with ambitious sustainability goals, such as Port of Montréal, Hydro-Québec and STM

- A large pool of highly qualified talent with 600,000+ STEM workers\*
- 70,000+ university students with useful skills to spur the cleantech industry in Québec

Broad government support and numerous advantageous tax incentives to help develop the technologies of the future!
